

Utku Kaba | Software Engineer

Izmir, Turkey | +90 541 482 9523 | utqkaba@gmail.com | utkukaba.netlify.app | linkedin.com/in/utkukaba

ABOUT ME

I'm a software engineer passionate about learning, solving problems, and writing clean code. I take initiative, adapt quickly to new technologies, and deliver high-quality results through effective task and time management.

SKILLS

ReactJS	VueJS	Javascript	Typescript	Tailwind
HTML	CSS	Zustand	NodeJS	SQL
Postman	Selenium	Supabase	Java	Docker
Vite	Manual & UI Testing	CI/CD	Git	Agile

EXPERIENCES

- HUAWEI

Software Engineer

03.2023 - Present

• *Cloud Software Delivery Project:*

- Performed capacity expansion, container deployments, and node configuration on Huawei Cloud.
- Developed internal tools with JavaScript for log tracking and delivery operations.
- Created technical documentation and SOPs to standardize workflows.
- Contributed to the scalability and reliability of cloud-native systems.

• *HR SaaS Project:*

- Developed and optimized HR back-office front-end using ReactJS and Material UI.
- Analyzed and implemented complex features with reusable, maintainable code.
- Collaborated with back-end developers for seamless API integration.
- Assisted in requirements analysis and task planning.

• *EBG Main Website Project:*

- Contributed to a platform enabling users to build websites with ready-made components.
- Recreated, refactored, and tested existing pages to improve performance.
- Developed new pages and UI components; tested manually and with Selenium.
- Automated migration and testing of pages using Java.
- Prepared and maintained project documentation, templates, and plans.

- TRENDYOL TECHNOLOGY

Associate Software Engineer

05.2022 - 09.2022

- Designed and developed user-friendly dashboard screens using VueJS for PLM customers.
- Enabled customers to track account summaries and manage product lifecycles.
- Implemented data visualization features for product performance insights.
- Participated in code reviews to improve code quality and UX.

PROJECTS & CERTIFICATIONS

- Huawei Sparkling Award (12.2023, 03.2025)
 - Huawei Cloud Developer - HCCDA Tech Essentials Certificate (08.2024)
 - Huawei Cloud Developer - HCCDA GaussDB Certificate (09.2024)
 - **1st Place** in Viessmann & Depark Create4Automate Ideation (2021)
 - **2nd Place** in Izmir Institute of Technology Robothon Competition (2019)
